COMMERCIAL-GRADE CONSTRUCTION

Engineered for Healthcare Durability

This 24" base cabinet is constructed using an engineered core with an impact-resistant shell and professional dado joinery for superior structural strength. The factory-fitted 15" × 15" × 6" deep stainless steel sink is available in either a left or right position. Two ¾" thick doors open 120 degrees, exposing a bright white interior with adjustable shelving. High-pressure laminate surfaces are sanitary, moisture-resistant, and built to withstand the demands of high-volume clinical environments.

Cabinet Shell	Engineered core with impact-resistant shell and dado joinery
Surface Finish	High-pressure laminate — sanitary, moisture-resistant, easy to clean
Door Config.	Two full-access doors; ¾" thick, open 120° — white interior finish

INSTALLATION GUIDELINES

This cabinet is designed for straightforward floor installation:

- Floor-standing design — ensure level surface using integrated adjustable floor glides
- Open back panel provides simplified plumbing rough-in and easy service access
- Sink is factory-fitted — specify left or right position at time of order
- Two-door configuration allows panel-free access to plumbing and interior storage
- Available as part of a modular casework system — pairs with wall cabinets and other base units
