COMMERCIAL-GRADE CONSTRUCTION

Engineered for Healthcare Durability

This 48” base cabinet is constructed using an engineered core with an impact-resistant shell and professional dado joinery for superior structural strength. The layout features full-extension drawers on the left side alongside a two-door storage section, with the factory-fitted stainless steel sink positioned on the right — available in either left or right configuration. Cabinet doors open 120 degrees, exposing a bright white interior with adjustable shelves. High-pressure laminate surfaces are sanitary, moisture-resistant, and built to withstand the demands of high-volume clinical environments.
