COMMERCIAL-GRADE CONSTRUCTION

Engineered for Healthcare Durability

This compact base cabinet is constructed using an engineered core with an impact-resistant shell and professional dado joinery for superior structural strength. High-pressure laminate surfaces provide moisture-resistant, easy-to-sanitize finishes that withstand the demands of high-volume clinical environments. Two cabinet doors open 120 degrees, exposing a bright white interior with adjustable shelves. The 15" × 15" × 6" deep stainless steel sink is factory-fitted and ready for plumbing connection.

Cabinet Shell	Engineered core with impact-resistant shell and dado joinery
