COMMERCIAL-GRADE CONSTRUCTION

Engineered for Healthcare Durability

This base cabinet is constructed using an engineered core with an impact-resistant shell and professional dado joinery for superior structural strength. High-pressure laminate surfaces provide moisture-resistant, easy-to-sanitize finishes that withstand the demands of high-volume clinical environments. The unique combination of a door section with full-extension drawers maximizes both plumbing access and organized clinical storage — all in a compact 36” footprint. ¾” thick doors and contemporary 4” chrome handles complete the professional finish.
