## COMMERCIAL-GRADE CONSTRUCTION

*Engineered for Healthcare Durability*

This base cabinet is constructed using an engineered core with an impact-resistant shell and professional dado joinery for superior structural strength. High-pressure laminate surfaces provide moisture-resistant, easy-to-sanitize finishes that withstand the demands of high-volume clinical environments. Three cabinet doors open 120 degrees, exposing a bright white interior with adjustable shelves for maximum accessibility. Contemporary 4” chrome handles allow easy, hygienic operation.

|                |                                                                  |
|----------------|------------------------------------------------------------------|

| Application    | Medical exam rooms, outpatient facilities, breakrooms, offices   |

## THE GOODTIME MEDICAL ADVANTAGE

*Manufacturer Direct = Superior Value*

Unlike distributors who add layers of markup, we manufacture every cabinet in our USA facility and sell directly to you. This means competitive pricing without compromising quality, personalized service from people who actually build the product, and complete control over customization and lead times.

|                                                                                                      |                                                                                                        |                                                                                                   |
|------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|

## INSTALLATION GUIDELINES

This cabinet is designed for straightforward floor installation:

- Floor-standing design — ensure level surface using integrated adjustable floor glides
- Open back panel provides simplified plumbing rough-in and easy service access
- Sink is factory-fitted — specify left or right position at time of order
- Three-door configuration allows panel-free access to plumbing and interior storage
- Verify local code compliance for all plumbing and ADA cabinet installations
