COMMERCIAL-GRADE CONSTRUCTION

Engineered for Healthcare Durability

This wheelchair-accessible vanity cabinet is constructed from ¾” thick cabinet-grade material using professional screwed and dado joinery for superior structural strength. The seamless porcelain top with integrated basin creates a one-piece hygienic surface that eliminates crevices common in countertop-and-sink combinations — simplifying infection-control cleaning. At 36” wide, this vanity provides generous countertop workspace while maintaining full ADA-compliant knee clearance and accessible interior storage. High-pressure laminate cabinet surfaces provide moisture-resistant, easy-to-clean finishes built for high-volume clinical environments.
