COMMERCIAL-GRADE CONSTRUCTION

Fun, Functional & Built for Pediatric Exam Rooms

The School Bus Pediatric Exam Table is engineered for demanding healthcare environments. High-impact laminated graphics with real rubber tires transform the exam room into a welcoming, less intimidating space — consistently resulting in smoother visits and better patient compliance. The patented 3-step walk-up system with non-slip rubber safety steps eliminates lifting and gives children safe, independent access. Deep storage drawers and cabinets keep essential supplies organized and within arm's reach, while seamless, easy-to-sterilize surfaces support strict infection control standards. Every detail is built for performance — from recessed, snag-free handles to heavy-duty construction rated for a 300 lb weight capacity.
